sterilizer monitoring program

Spore testing is an ADA CDC recommendation and required by many state dental boards. North Bay/Bioscience provides a control spore strip with each test spore strip to confirm viability, and failed tests are gram stained and examined microscopically by an ASCP registered microbiologist to confirm test spore growth. In the event of a failed test, you're notified immediately by phone.

Contact North Bay/Bioscience at 800.289.7786 for more information on sterilizer monitoring.

spore-wise sterilizer monitoring service

The routine use of biological spore tests to verify the adequacy of sterilization cycles is recommended by the CDC. Steri Check Systems, Inc. offers the following valuable discounts:

Monitoring Frequency	Rate	Ameritas Discount
Spore-Wise 52 (weekly testing)	\$269/YR	\$157/YR*
Spore-Wise 26 (bi-weekly testing)	\$169/YR	\$119/YR*
Spore-Wise 12 (monthly testing)	\$79/YR	\$64/YR*

*Includes Free Shipping

Contact Steri Check at 631.243.1381 or outside New York call 800.67.STERI for more information.
